## Message from the Age Friendly Rosetown Committee

Age Friendly Rosetown is part of an international initiative to engage older adults and their communities in taking action to help make their communities healthier, safer and better places to live. There are 8 domains identified to achieve this goal. They are:

1. Community Supports and Health Services
2. Communication and Information
3. Civic Participation and Employment
4. Outdoor Spaces and Buildings
5. Social Participation
6. Transportation
7. Housing
8. Respect and Social Inclusion

The Age Friendly Rosetown committee has been working hard since 2016 to address as many local needs as able. Some of the actions taken include:

- Benches
- Social Events
- Scam Notices at Credit Union
- Info Sharing
- Educational Events
- Financial Support to Local Groups
- Advocacy for:
  - Curb Cuts
  - Parking Spaces
  - Sidewalk Shaving

This work has been in response to what you, the residents, have shared with us of what you need/want to live your best lives while aging in the place of your choosing. The Community Directory is another example of Age Friendly Rosetown taking its direction from you. Easy access to information on a wide range of topics and services has been requested numerous times. We hope this Directory, sectioned in accordance with the 8 domains, will help guide you to whatever you are seeking to help you live and thrive in Rosetown and the surrounding area.

Sincerely,  
Age Friendly Rosetown

***It is our hope this resource will be updated on a regular basis in the coming years. We encourage you to share your feedback on it with us, including what you feel is missing so can be included in the next edition.***
